

PlugLink® 9154

Digital Power Center

Digital Power Center

Home Networking Just Got Easier

The PlugLink® 9154 Digital Power Center from Asoka® is a power strip that also turns any power outlet into a network connection. Maximizing the use of a home's electrical wiring as a networking super highway, the PlugLink 9154 Digital Power Center delivers everything needed to extend Internet access to any room in the house without having to run any new wires.

Smart Home Connectivity

The PlugLink 9154 Digital Power Center is the ideal connectivity solution for entertainment centers. Featuring six AC sockets (North American version) and a four-port Ethernet switch, the PlugLink 9154 Digital Power Center can connect and power up game consoles, Slingbox™ devices, TIVO® or other digital video recorders (DVRs), set-top boxes, and network attached storage (NAS) simultaneously, eliminating worry about lack of either power outlets or Ethernet ports.

Fast Speeds for the Digital Roadrunner

Networking accelerates into the fast lane with the PlugLink 9154 Digital Power Center. With speeds up to 85 Mbps over existing home electrical wiring, the PlugLink 9154 Digital Power Center can deliver data, voice, audio, and SD video throughout the home.

Less Clutter

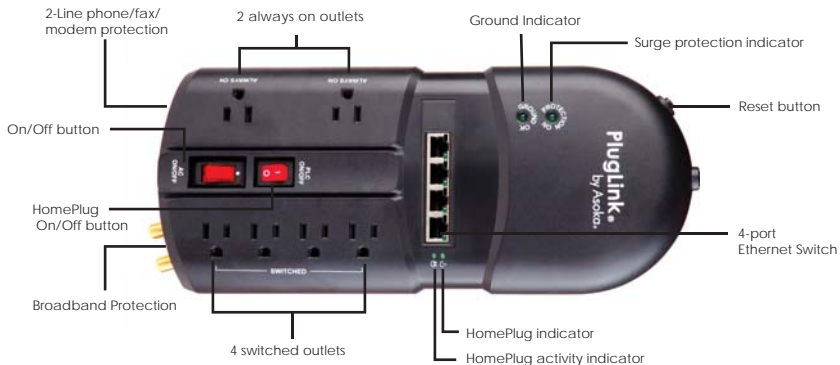

With advanced network technology embedded right into a power strip, home networking is now seamless and clutter-free. Bulky and ugly networking adapters and messy cables become a thing of the past.

The Ultimate Game Console Accessory

With the PlugLink 9154 Digital Power Center, a LAN party can be set up in minutes. Players simply "Plug In and Connect™" and never have to worry about signal interference. Unleashing the ultimate gaming experience with the PlugLink 9154 Power Strip delivers more from networked multimedia than even the most avid electronics enthusiasts can imagine.

PlugLink® 9154

Digital Power Center

Suitable Applications

Standard Video TV (SDTV) Distribution
TV over IP (IPTV)
Higher data rate broadband sharing
Voice Over IP (VOIP)
PC files and applications sharing
Network and online gaming
Security cameras and video server

System Requirements for the configuration software

Windows® 98SE OS+
Mac OS X
Linux®
Available Ethernet port
200 Mhz or faster Processor
64MB of RAM
CD-ROM drive

Standards & Protocols

IEEE 802.3
IEEE 802.3x
IEEE 802.3u
HomePlug 1.0

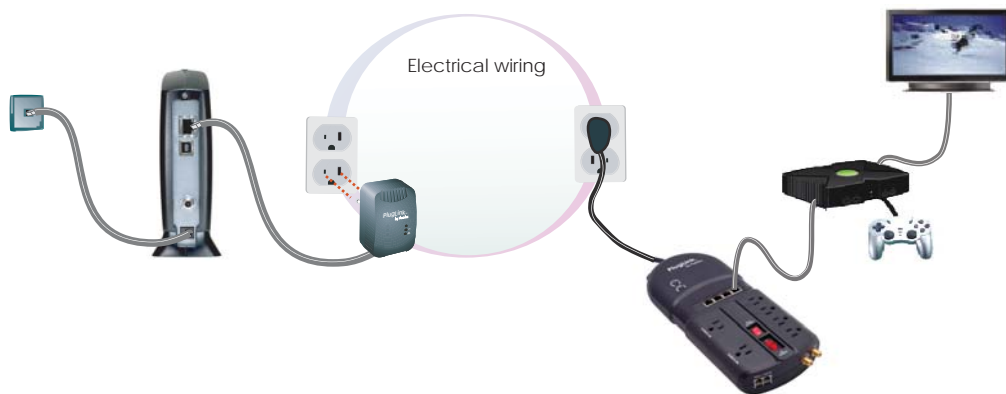

Specifications

Network Protocol: TCP/IP
Network Interface: Ethernet RJ-45
Bandwidth: 85 Mbps
Distance (Range): 200 meters
Security: 56-bit DES encryption
Surge Energy Rating 2000 Joules
Operation Frequency: 4-21 Mhz
Quality of Service (QoS): OFDM, CSMA/CA, QAM 256/64/16
Power Consumption: 100V-240VAC
Safety & EMI: FCC, UL, cUL, CE
Dimensions: 1.85"l x 11.8"w x 5.2"h
Weight: 2.5lbs
1-year limited Warranty

Package Contents

PlugLink 9154 Digital Power Center
Quick installation guide
Warranty & support card
Resource CD
